Initial remarks

- *We kindly ask you to provide us, on the next page, with the very important information about your stay at the hotel or hostel. This will allow us to make correct bookings in the different hotels.*
- *The price list, taking into account the possible options, can be found on the last page of this document.*
- *You can choose the Formula Gold, Silver or Bronze, but the organizer will decide in which hotel you will be accommodated. There are many factors influencing the choice, even the fact is the number of players is pair or impair, so the final decision about who is lodging where is only taken early December.*
- *You can choose for players, for staff and for families if you only want the breakfasts at the hotel/hostel or if you take all the tournament meals (lunch and supper are at the venues). You can e.g. choose to have all the meals for players and staff, but only breakfasts for the families. In order to grant a smooth organization, we can only allow one option per group (impossible that half of the parents take the meals and others don't).*
- *Some teams prefer not having the parents at the same hotel as the players. You can mention this on the next page.*
- *The number of triple rooms is rather limited, so teams asking for this type of accommodation rather late will be informed when no more triple rooms are available.*
- *Once we received your information, an invoice will be established and forwarded to you. May we insist on paying this invoice before the date mentioned on the document. If there are changes afterwards, you will be reimbursed or an additional invoice will be forwarded.*
